You love someone but you don't know if it's true or you're playing a game. You don't want to lose your love, that's why you pretend. And I don't want to pretend. I want to be real. 4. What kind of things do you think you can achieve? To love myself. 5. What are your hobbies? Reading books, watching movies, listening music, writing poems, helping other people, etc. 6. What do you think about marriage? I think it's good, but not necessary for everyone. 7. Is marriage your goal? I am not sure. Marriage is good for a family, a stable society, a good education, a good marriage and a good relationship between parents. But I think it's not necessary. Marriage is also a problem. Because you give your love to someone and you get tired of it or you start to hate it and it makes you live a life of boredom. This is why many people want to marry and why some of them want to divorce. 8. What do you think about the love of others? I think it is a thing, but it's not necessary. You can say that it is a good thing, but it's not really necessary. To love, to hate, to respect and to forgive are all good things. But to be in love, it's not necessary. I don't love anyone and I don't want to love anyone. 9. Do you want to have children? No. 10. What is the most common mistake of human? The greatest mistake in life is to live in the mind and not in the soul. To forget the soul you should connect to nature. 11. Do you like nature? Yes. I like trees, forest, grass, 82157476af
