Save editing is the practice of modifying save files with an external editor. This can allow a player to change their character's stats, or remove inappropriate content that would cause the game to malfunction. This also allows the player to change the interface, which is a bonus feature over the in-game editor. Stop reading text, download and view this image . I've played some of the revamp mod and I enjoy it, just getting back into the series. Plus, there's a save editor for it, which I enjoy. coc revamp save editor, coc revamp save editor android 4.
